“ I was not sure if I should share this but I've had a few people tell me that it would be a good idea and I was not sure i was going to write it till my counselor and therapist that I've been going to for 2 months said it would help me because of how close me and sterlyn was and how it made me fall back into a really bad depression again so I wrote it and here it is I hope y'all like it but I wrote it as a song just for sterlyn to hear from heaven I've sung it a few times hoping that he can hear me when I missed him or felt like breaking down. I miss you my best friend fly high in heaven and may you be picking on the first friend you see tell me what all I missed and I'll tell you when I meet you one day when god chooses my time.

“ Billy, Hollie and other loved ones. I hope you remember me. I lived next door to Leslie, Vera, Larry and Patsy until I got married. Larry was my "big brother ". I remember how proud Aunt Vera was at the birth of her grandchildren, great-grandchildren and even her great-great grandchildren. Things like this are unexplainable and hard to endure. It is unnatural to bury our children. You are in my prayers.

“ My best memory with Sterlyn was the day we met it was like the world stoped moving and we were the only two here at first I thought it was because I was falling for him but it was really just god letting me know that I will always need him around maybe not in person anymore but forever in my heart and I know he is watching over all of us. And to the people who were bullying him I cannot speak for everyone but I forgive you because I know he is in a much better place now and I also know that with every heart ache god has a plan and a purpose just like how after a rain storm there is a rainbow. Sterlyn’s death was the rain storm next here comes the rainbow. I love and miss you sterlyn 😞

“ I remember in Dixie how I was so scared to talk to him bc I had the biggest crush on him and was so afraid to say the wrong thing and him not like me then coach carter made us be partners in an assignment we just clicked after that. He ended up asking me out but later we figured that we were better as friends that day we became best friends and we remained best friends till his passing. I can also remember how his smile lit up the whole room and it was a contagious smile. The only sibling he told me about was Amelia and he loved his mom so much. I'm only writing this because I feel that it helps to remember all the good memories he left us with. Every ball game I play and every thing I do in life I will think of him and win for his memory. His memory will forever remain. I send my best regards to his coping family and other friends in this hard time because I know how much I have cried since the second I found out and I cannot even imagine how his family is handling it I'm so sorry for your loss and I know we will all forever miss that wonderful life fly high sterlyn the heavens just got another angel ☐ 😞

“ Hollie and Family, I am at a total loss for words. Sterlyn was such a sweet, young man. Always smiled and spoke when I saw him in the hallway. I know how you feel, it will get easier, but honey, the sense of loss will never go away. You have a second family here in this community to support you everyday, every minute, with whatever can be done. Love you sweet lady, don't ever forget that. You have my number.
